Independent Auditor's Report

To the Honorable Mayor and Members of the City Council:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of Dysart, Iowa, as of and for the year ended June 30, 2013, and the related notes to the financial statements which collectively comprise the City's basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1. This includes determining the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted the audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of Dysart as of June 30, 2013, and the respective changes in cash basis financial position for the year then ended in accordance with the basis of accounting described in Note 1.

Basis of Accounting

As described in Note 1, these financial statements were prepared on the basis of cash receipts and disbursements, which is a basis of accounting other than U.S. generally accepted accounting principles. Our opinion is not modified with respect to this matter.

Other Matters

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Dysart's basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the three years ended June 30, 2012 (which are not presented herein) and expressed unqualified opinions on those financial statements which were prepared on the basis of cash receipts and disbursements. The supplementary information included in Schedules 1 through 8 is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The other information, Management's Discussion and Analysis and the budgetary comparison information on pages 5 through 12 and page 29 has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Require by Government Auditing Standards

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated October 25, 2013 on our consideration of the City of Dysart's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the City of Dysart's internal control over financial reporting and compliance.

Ridihalgh Fuelling Snitker Weber & Co., P.C.

October 25, 2013

MANAGEMENT'S DISCUSSION AND ANALYSIS

The City of Dysart provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2013. We encourage readers to consider this information in conjunction with the City's financial statements, which follow.

2013 FINANCIAL HIGHLIGHTS

- Revenues of the City's governmental activities increased significantly from fiscal year 2012 to fiscal year 2013. Total governmental revenues (excluding transfers) were \$1,251,416 in FY12, and \$2,323,803 in FY13. The increase can be attributed to the issuance of \$1,320,000 in general obligation bonds. The purpose of the bonds was to refund the 2003 Aquatic Center General Obligation Bond, and to issue new debt for the 2013 Talmage Street Improvements Project. Property tax revenues increased approximately \$15,000, while TIF revenues decreased slightly, from \$87,129 in fiscal year 2012, to \$85,072 in fiscal year 2013.
- Governmental disbursements increased approximately \$340,000 from fiscal year 2012 to fiscal year 2013. Capital project expenses decreased by \$288,543. Public Safety disbursements increased from \$281,277 in FY12, to \$344,976 in FY13. The increase can be attributed to the hiring of a second full-time officer in the Police Department. Expenses and revenues for Dysart Fire Fighter's Inc. are also included in the FY 13 Public Safety Program for the first time, which accounts for an increase in both revenues and expenses. Public works expenditures decreased approximately \$122,000, Culture & Recreation expenses decreased approximately \$40,000, and Community & Economic Development expenses increased by \$3,774. General government expenses showed a decrease from \$71,606 to \$56,963. Debt Service expenses increased from \$249,189 in FY12 to \$985,504 in FY13. This was due to the refunding of the 2003 Aquatic Center General Obligation Bond Issue. Business type expenses (excluding transfers) were steady, at \$1,682,879 in FY12, and \$1,684,596 in FY13. Debt Service Expenditures within the Business type Function were \$73,300, as compared to \$75,860 last year. The Electric Revenue Debt Issue was retired on June 1, 2013.
- The City's total cash basis net position increased by \$566,982 from June 30, 2012 to June 30, 2013. Of this amount, the assets of the governmental activities increased by \$524,562; the assets of the business type activities increased by \$42,420.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the City's financial activities.

The Government-wide Financial Statement consists of a Statement of Activities and Net position. This statement provides information about the activities of the City as a whole and presents an overall view of the City's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report the City's operations in more detail than the government-wide statement by providing information about the most significant funds.

Notes to financial statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Other Information further explains and supports the financial statements with a comparison of the City's budget for the year.

Supplementary Information provides detailed information about the nonmajor governmental funds and the City's indebtedness.

BASIS OF ACCOUNTING

The City maintains its financial records on the basis of cash receipts and disbursements and the financial statements of the City are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statements do not present financial position and results of operations of the funds in accordance with U.S. generally accepted accounting. Therefore, when reviewing the financial information and discussion within this annual report, the reader should keep in mind the limitations resulting from the use of the cash basis of accounting.

REPORTING THE CITY'S FINANCIAL ACTIVITIES

Government-wide Financial Statement

One of the most important questions asked about the City's finances is, "Is the City as a whole better off or worse off as a result of the year's activities?" The Statement of Activities and Net position reports information which helps answer this question.

The Cash Basis Statement of Activities and Net position presents the City's net position. Over time, increases or decreases in the City's net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Cash Basis Statement of Activities and Net position is divided into two kinds of activities:

- Governmental Activities include public safety, public works, culture and recreation, community and economic development, general government, debt service and capital projects. Property tax and state and federal grants finance most of these activities.
- Business Type Activities include the Water Fund, Sanitary Sewer Fund, Electric Fund and Garbage Service Fund. These activities are financed primarily by user charges.

Fund Financial Statements

The City has two kinds of funds:

1) Governmental funds account for most of the City's basic services. These focus on how money flows into and out of those funds, and the balances at year-end that are available for spending. The governmental funds include: 1) the General Fund, 2) the Special Revenue Funds, such as Road Use Tax and Urban Renewal Tax Increment, 3) the Debt Service Fund, 4) the Capital Projects Fund. The governmental fund financial statements provide a detailed, short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs.

The required financial statement for governmental funds is a Statement of Cash Receipts, Disbursements and Changes in Cash Balances.

2) Proprietary funds account for the City's Enterprise Funds. Enterprise Funds are used to report business type activities. The City maintains three Enterprise Funds to provide separate information for the Water, Garbage and Electric Funds, considered to be major funds of the City.

The required financial statement for proprietary funds is a Statement of Cash Receipts, Disbursements and Changes in Cash Balances.

Reconciliations between the government-wide financial statement and the fund financial statements follow the fund financial satements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of financial position. The City's cash balance for governmental activities increased during FY 13, increasing from \$1,503,214 to \$2,027,776. The analysis that follows focuses on the changes in cash balances for governmental activities.

| Increase (decrease) in cash basis net position | n 524,562 | (4,429) | | | |
| Cash basis assets beginning of year | 1,503,214 | 1,442,224 | | | |
| Cash basis assets end of year Dysart Fire Fighters Inc. Balance 7/1/1 (Included FY 12/13 audit for first time | | \$1,437,795 65,419 1,503,214 | | | |

The City's total receipts for governmental activities, excluding net transfers in, increased by approximately \$1,072,387, from \$1,251,416 to \$2,323,803. The primary reason for the increase was issuance of general obligation bonds to finance the 2013 Talmage Street Improvements Project, and to refund the 2003 Aquatic Center General Obligation Bonds. Expenditures showed a substantial increase due to the issuance of the general obligation bonds; however, a substantial portion of the bond proceeds was used to refund the 2003 Aquatic Center G.O. Bond and reissue at a much lower interest rate. In addition, the Aquatic Center Bonds were reissued at an 8-year repayment schedule, rather than the original remaining 10-year schedule. This action will save the City of Dysart approximately \$115,000 in interest costs. The total cost of all programs and services increased by approximately \$338,392.

Property tax rates for decreased slightly in fiscal year 2013, at a rate of \$12.6154/\$1000, as compared to a rate of \$12.75571/\$1000 in fiscal year 2012. Overall property tax revenues were slightly higher, increasing \$15,255, from \$426,879 to \$442,134. TIF revenues decreased from \$87,129 during FY12 to \$85,072 during FY13. Local option sales and other city tax revenues decreased from \$107,500 received during fiscal year 2012, to \$89,858 received in fiscal year 2013. However, the FY13 revenues were in line with previous years. The Department of Revenue made an error in calculating revenues during FY12, and we were receiving funds that should have been remitted to the City of Toledo during that fiscal year. Once the error was discovered, the Department began reducing our payments to correct the error, and we are now receiving the appropriate allocations. Local option sales tax revenues are used to service the aquatic center debt.

There were several changes in the governmental program expenses also. Public Safety expenses increased due to the addition of a second full-time officer to the Dysart Police Department. Public Works and Culture & Recreation program areas showed decreases in spending. Community & Economic Development showed a slight increase, and General Government showed a decrease in spending, from \$71,606 in FY12 to \$56,963 in FY13. Debt Service showed a significant increase, from \$249,189 in FY12 to \$985,504 in FY13. Again, this was due to the refunding of the 2003 Aquatic Center General Obligation Bonds. Capital Projects showed a significant decrease, from \$455,669 in FY12 to \$167,126 in FY13. This was due to the completion of the 2012 State Street Water Project, the bulk of which was completed in FY12. Fiscal Year 2012 capital projects expenses were also higher due to rebuilding following the July 2011 Windstorm.

| Increase (decrease) in cash basis net position | on 42,420 | (130,128) | | |
| Cash basis assets beginning of year | 1,494,380 | 1,624,508 | | |
| Cash basis assets end of year | \$ <u>1,536,800</u> | \$ <u>1,494,380</u> | | |

Total business type activities receipts and transfers in for the fiscal year decreased approximately \$33,000 from the previous year, coming in at \$1.85 million compared to \$1.89 million last year. Some of the decrease can be attributed to decreased revenues in the garbage fund. Garbage service in the City was privatized on September 1, 2011, after the City of Traer elected not to renew the existing contract. Fiscal year 11/12 included two months service with the City of Traer. In addition, Other General Revenues in FY 12 included the sale of sanitation equipment. The water fund showed an increase in revenues, but expenses held steady for the year. The electric fund showed an increase in revenues, and expenses also held steady from FY 12 to FY 13.

INDIVIDUAL MAJOR GOVERNMENTAL FUND ANALYSIS

As the City of Dysart completed the year, its governmental funds reported a combined fund balance of \$2,027,776, a significant increase from last year's total of \$1,503,214. The following are the major reasons for the changes in fund balances of the major funds from the prior year.

- The General Fund cash balance increased \$40,928 from the prior year to \$1,042,712.
- The Debt Service, Pool Debt Fund. The City refunded the 2003 Aquatic Center General Obligation Bonds, and issued \$760,000 in G.O. bonds for that purpose and to cover the issuance costs. The Pool Bond Fund showed a balance of \$9,692 due to the fact that the issuance costs were slightly lower than anticipated.
- The Capital Projects, Talmage Street Fund was established this year for a street construction program. The City issued \$560,000 in General Obligation Bonds to finance these improvements.

INDIVIDUAL MAJOR BUSINESS TYPE FUND ANALYSIS

- The Water Fund cash balance increased by \$33,471 to \$120,253. The City will build cash reserves for future water main replacement projects.
- The Electric Fund cash balance increased by approximately \$111,000 to \$1,144,501. Cash reserves will be used for future capital improvement projects.
- The Garbage Fund cash balance decreased by about \$8,600 to \$147,474.

BUDGETARY HIGHLIGHTS

The City amended its budget on April 10, 2013. The purpose of the amendment was to account for the bond issue to refinance the 2003 Aquatic Center bonds, and to finance the 2013 Talmage Street Improvement Project. The City also saw in increase in wholesale water rates. In addition, Summer Recreation, Aquatic Center, Tree Board and Beautification expenses were greater than anticipated.

DEBT ADMINISTRATION

On June 30, 2013, the City had \$2,440,000 in bonds and other long-term debt, compared to \$2,085,000 last year, as shown below.

| Outstandi | ng Debt at Year-E | End | |
|--|-------------------|---------------------|--|
| | Year er | nded June 30, | |
| | 2013 | 2012 | |
| General obligation bonds & notes Revenues bonds | 2,440,000 0 | 2,015,000 70,000 | |
| Total | \$2,440,000 | \$2,085,000 | |

The Constitution of the State of Iowa limits the amount of general obligation debt cities can issue to 5% of the assessed value of all taxable property within the City's corporate limits. The City's constitutional debt limit is \$3,277,257. With outstanding general obligation debt of \$2,440,000, the city was using approximately 74% of its constitutional debt limit at fiscal year end.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Dysart's elected and appointed officials and citizens considered many factors when setting the fiscal year 2014 budget, tax rates, and fees that will be charged for various City activities.

Budgets for various departments have remained fairly consistent with past years. The property tax rate for fiscal year 2014 will increase to \$12.83036/\$1000 in valuation, compared to \$12.61254/\$100 in fiscal year 2013. The FY 13 levy had decreased from the levy of \$12.75571/\$1000 in fiscal year 2012.

The City has awarded a contract for storm sewer improvements along Fairlane and Sherman Streets. That project will begin mid-October, and should be completed by early December. The FY 14 budget will be amended to include these improvements, as well as the joint purchase

The City is also contemplating major renovations and upgrades to the Dysart Community Building. Planning is in the early stages, and funding options are currently being considered.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Roxanne L. Schneider, City Clerk, 601 Wilson Street, PO Box 686, Dysart, Iowa. Phone #319-476-5690.

Notes to Financial Statements

June 30, 2013

(1) Summary of Significant Accounting Policies

The City of Dysart is a political subdivision of the State of Iowa located in Tama County. It was first incorporated in 1873 and operates under the Home Rule provisions of the Constitution of Iowa. The City operates under the Mayor-Council form of government with the Mayor and Council Members elected on a non-partisan basis. The City provides numerous services to citizens, including public safety, public works, health and social services, culture and recreation, community and economic development, and general government services. The City also provides water, sewer, electric, and garbage utilities for its citizens.

A. Reporting Entity

For financial reporting purposes, the City of Dysart has included all funds, organizations, agencies, boards, commissions and authorities. The City has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the City.

These financial statements present the City of Dysart (the primary government), and the following component unit: Dysart Fire Fighters, Incorporated. This component unit is included in the City's reporting entity because of the significance of their operational or financial relationship with the City.

Blended Component Units

Dysart Fire Fighters, Incorporated (Corporation) is legally separate from the City but is so intertwined with the City it is, in substance, the same as the City. It is reported as part of the City and blended into the Special Revenue Funds. Although the Corporation is legally separate from the City, its purposes and objectives are to benefit the City of Dysart by providing assistance to the City in execution and performance of responsibilities to the citizens of Dysart and vicinity with regard to the study and advancement of the science of fire prevention, protection and suppression, and general emergency response and to conduct civic and social services, charitable and fundraising activities which support the City.

Jointly Governed Organizations

The City participates in several jointly governed organizations that provide goods or services to the citizenry of the City but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the

participating governments. City officials are members of the following boards and commissions: Tama County Sheriff's Department, Tama County Economic Development Commission, Dysart Rural Fire Agency, Inc., Poweshiek Water Association, Resale Power Group of Iowa (RPGI), Tama County Emergency Communications Network, Inc. (CodeRED), and Tama County Solid Waste Disposal Commission.

B. Basis of Presentation

Government-wide Financial Statements - The Cash Basis Statement of Activities and Net Position (previously referred to as net assets) reports information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from this statement. Governmental activities, which are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for services.

The Cash Basis Statement of Activities and Net Position presents the City's nonfiduciary net position. Net position is reported in the following categories/components:

Expendable restricted net position results when constraints placed on the use of cash balances are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of cash balances not meeting the definition of the preceding category. Unrestricted net position often have constraints on cash balances imposed by management which can be removed or modified.

The Cash Basis Statement of Activities and Net Position demonstrates the degree to which the direct disbursements of a given function are offset by program receipts. Direct disbursements are those clearly identifiable with a specific function. Program receipts include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants, contributions and interest on investments restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program receipts are reported instead as general receipts.

<u>Fund Financial Statements</u> – Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The City reports the following major governmental funds:

The General Fund is the general operating fund of the City. All general tax receipts from general and emergency levies and other receipts not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating disbursements, the fixed charges and the capital improvement costs that are not paid from other funds.

The Debt Service—Pool Debt Fund is used to account for payment of principal and interest on the City's general long-term debt related to the City's aquatic center capital improvement project.

The Capital Project—Talmage Street Project Fund is utilized to account for bond receipts to be used for, and the payment of, project expenditures related to the Talmage Street improvement project.

The City reports the following major proprietary funds:

The Water Fund accounts for the operation and maintenance of the City's water utility system.

The Electric Fund accounts for the operation and maintenance of the City's electric utility system.

The Garbage Fund accounts for the garbage collection services contracted by the City.

C. Measurement Focus and Basis of Accounting

The City of Dysart maintains its financial records on the basis of cash receipts and disbursements and the financial statements of the City are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statements do not present financial position and results of operations of the funds in accordance with U.S. generally accepted accounting principles.

Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general receipts. Thus, when program disbursements are paid, there is both restricted and unrestricted cash basis net position available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants and then by general receipts.

When a disbursement in governmental funds can be paid using either restricted or unrestricted resources, the City's policy is generally to first apply the disbursement toward restricted fund balance and then to less-restrictive classifications – committed, assigned and then unassigned fund balances.

Proprietary funds distinguish operating receipts and disbursements from nonoperating items. Operating receipts and disbursements generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All receipts and disbursements not meeting this definition are reported as non-operating receipts and disbursements.

D. Governmental Cash Basis Fund Balances

In the governmental fund financial statements, cash basis fund balances are classified as follows:

<u>Nonspendable</u> – Amounts which cannot be spent because they are legally or contractually required to be maintained intact.

<u>Restricted</u> – Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors, or state or federal laws or imposed by law through constitutional provisions or enabling legislation.

<u>Committed</u> – Amounts only available to be used for specific purposes determined by a formal action by Council ordinance or resolution.

<u>Assigned</u> – Amounts the Council intends to use for specific purposes but are neither restricted or committed.

<u>Unassigned</u> – All amounts not included in other spendable classifications.

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Other Information. During the year ended June 30, 2013, disbursements exceeded the amounts budgeted in the community and economic development function prior to amendment.

(2) Cash and Pooled Investments

The City's deposits in banks at June 30, 2013 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The City is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the City Council; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2013, the City had the following investments:

| Туре | Carrying Amount | Fair Value | Maturity |
|-------------------------|--------------------|---------------|----------|
| Certificates of deposit | <u>\$ 876,135</u> | \$ 876,135 | Various |

<u>Interest rate risk</u> - The City's investment policy limits the investment of operating funds, those funds which are expected to be expended in the current budget year or within 15 months of receipt, to instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days, but the maturities shall be consistent with the needs and use of the City.

The City maintains funds in a Sweep Manager Account Program with Security State Bank. The Bank transfers funds out of the City's bank account once it meets or exceeds the "target balance" and places them into retail repurchase agreement, or "Repo". The target balance changes from month to month and is based on the previous month's disbursements, average daily balance, etc. The Repos evidence a borrowing to

be collateralized by securities, which are held by a third-party custodian. Amounts swept from the bank account into Repos will earn interest rates that are determined by the Bank daily. During the year ended June 30, 2013, the target balance varied from \$63,000 to \$278,000.

(3) Bonds and Notes Payable

Annual debt service requirements to maturity for bonds and notes are as follows:

| Year | General Obligation | | | |
|-----------|--------------------|-----------|----------|--|
| Ending | | Bond | s | |
| June 30, | | Principal | Interest | |
| 2014 | \$ | 225,000 | 62,733 | |
| 2015 | | 235,000 | 55,790 | |
| 2016 | | 240,000 | 51,573 | |
| 2017 | | 245,000 | 46,900 | |
| 2018 | | 250,000 | 41,713 | |
| 2019-2023 | | 945,000 | 120,540 | |
| 2024-2028 | - | 300,000 | 19,028 | |
| Total | \$ | 2,440,000 | 398,277 | |

The Code of Iowa requires principal and interest on general obligation bonds be paid from the Debt Service Fund.

Revenue Notes

The City has pledged future electric customer net revenues to repay \$600,000 of electric revenue notes issued in March 2003. Proceeds from the notes provided financing for the construction of electrical improvements. The notes are payable solely from electric customer net revenues and are payable through 2013. The notes were paid off in June 2013. For the current year, principal and interest paid were \$72,800.

(4) Pension and Retirement Benefits

The City contributes to the Iowa Public Employees Retirement System (IPERS), which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Most regular plan members are required to contribute 5.78% of their annual covered salary and the City is required to contribute 8.67% of covered salary. Certain employees in special risk occupations and the City contribute an actuarially determined contribution rate. Contribution requirements are established by state statute. The City's contributions to IPERS for the years ended June 30, 2013, 2012, and 2011 were \$34,797, \$32,227, and \$32,909, respectively, equal to the required contributions for each year.

(5) Other Postemployment Benefits (OPEB)

<u>Plan Description</u> - The City operates a single-employer benefit plan which provides medical/prescription drug benefits for active employees and their families. Retired employees are eligible to participate at their own expense and must be age 55 or older at retirement. There are 7 active and no retired members in the plan.

The medical/prescription drug benefits are provided through a partially self-insured plan with Wellmark Blue Cross/Blue Shield. Retirees under age 65 pay the full cost of the premium for the medical/prescription drug benefits. The City's deductibles for the plan are \$3,000 for single and \$6,000 for family and it self funds half of the deductible, or \$1,500 for single and \$3,000 for family, for each participant. A third party administrator, Advantage Administrators, coordinates the self funded portion of the plan.

<u>Funding Policy</u> - The contribution requirements of plan members are established and may be amended by the City. The most recent active member monthly premiums paid for by the City are \$495 for single coverage and \$1,237 for family coverage. For the year ended June 30, 2013, the City contributed \$87,668 and plan members eligible for benefits contributed \$15,471 to the plan.

(6) Compensated Absences

City employees accumulate a limited amount of earned but unused vacation and sick leave hours based on the length of their employment. Vacation leave is for subsequent use or for payment upon termination, retirement or death. Unused sick leave is forfeited upon termination, retirement, or death. The accumulation of vacation leave is not recognized as a disbursement by the City until used or paid. The City's approximate liability for earned vacation termination payments payable to employees at June 30, 2013 was \$13,115. This liability has been computed based on rates of pay in effect at June 30, 2013.

(7) Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2013 is as follows:

| Transfer to | Transfer from | | Amount | |
|--------------------------|----------------------------|----|---------|--|
| General | Special Revenue: | | | |
| | Employee Benefits | \$ | 68,265 | |
| | Enterprise: | | | |
| | Electric | | 60,000 | |
| Debt Service: | | | | |
| Pool Debt | Special Revenue: | | | |
| | Local Option Sales Tax | | 73,191 | |
| | Tax Increment Financing | | 18,173 | |
| 2006 Infrastructure Debt | Special Revenue: | | | |
| | Tax Increment Financing | | | |
| | Debt Service: | | | |
| | Debt Service Levy | | 33,443 | |
| 2010 Infrastructure Debt | Special Revenue: | | | |
| | Tax Increment Financing | | 18,500 | |
| | Debt Service: | | | |
| | Debt Service Levy | | 26,390 | |
| Enterprise: | | | | |
| Water | Capital Project: | | | |
| | State Street Water Project | | 5,004 | |
| Electric | Enterprise: | | | |
| | Electric Revenue Reserve | | 40,679 | |
| Electric Revenue Debt | Enterprise: | | | |
| | Electric | | 36,400 | |
| | Electric Revenue Reserve | | 30,604 | |
| Total | | \$ | 459,581 | |

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to disburse the resources.

(8) Related Party Transactions

The City had business transactions between the City and City officials during the year ended June 30, 2013 totaling \$1,389.

(9) Commitments

In March 1994, the City agreed to pay the Medicare and drug supplement for a retired City employee. The cost to the City for the year ended June 30, 2013 was \$3,355.

Under a wholesale power agreement, the City is committed to purchase its electric power and energy requirements from Resale Power Group of Iowa through December 2013. The rates for such purchases are subject to review annually.

Under a water purchase contract, the City is committed to the purchase of bulk water from Poweshiek Water Association through 2038. The rates for such purchases are subject to review annually.

The City participates in a 28E organization with Tama County and other cities within Tama County. This organization is the Tama County Solid Waste Disposal Commission. The estimated costs of closure and post closure care as of March 31, 2013, the most recent date for which such information is available, is approximately \$1,835,800. The Commission has accumulated resources to fund these costs and, at June 30, 2013, assets of \$2,035,800 are restricted for these purposes.

(10) Risk Management

The City is exposed to various risks of loss related to torts; theft, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The City assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(11) Litigation

As a member of the Resale Power Group of Iowa, the City of Dysart is currently a party to litigation of Central Iowa Power Cooperative (CIPCO), v. RPGI, City of Dysart, and all other member utilities. All parties have agreed to a settlement, which is pending approval of the Federal Energy Regulatory Commission. Once FERC approval has been granted, the City of Dysart will be responsible for a monthly payment of \$364.75 for a period of 5 years. At that point, all claims will be considered settled.

(12) Subsequent Event

In September 2013 the City accepted a bid totaling \$267,637.55 for a storm sewer improvement project. The City also approved purchasing a fire truck jointly with a local fire association at a total cost of \$224,000.

In October 2013 the City approved the purchase of a dump truck for \$107,248. The City also passed a resolution affirming support for a community building and park improvement project. Estimated cost of the project is \$708,234 and construction expected to begin in May 2014.

Notes to Other Information - Budgetary Reporting

June 30, 2013

The budgetary comparison is presented in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds except Internal Service Funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures.

Formal and legal budgetary control is based upon nine major classes of disbursements known as functions, not by fund or fund type. These nine functions are: public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects, and business type activities. Function disbursements required to be budgeted include disbursements for the General Fund, Special Revenue Funds, the Debt Service Fund, Capital Projects Funds, and the Enterprise Funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. During the year, one budget amendment increased budgeted disbursements by \$1,123,912. The budget amendment is reflected in the final budgeted amounts.

During the year ended June 30, 2013, disbursements exceeded the amounts budgeted in the community and economic development function prior to amendment.

Independent Auditor's Report on Internal Control over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance with Government Auditing Standards

To the Honorable Mayor and Members of the City Council:

We have audited in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in the <u>Government Auditing Standards</u> issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of Dysart, Iowa, as of and for the year ended June 30, 2013, and the related notes to financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated October 25, 2013. Our report expressed unmodified opinions on the financial statements which were prepared on the basis of cash receipts and disbursements, a basis of accounting other than U.S. generally accepted accounting principles.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Dysart's internal control over financial reporting to determine the audit procedures appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the City of Dysart's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Dysart's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified deficiencies in internal control we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the City of Dysart's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiency described in Part II of the accompanying Schedule of Findings and Questioned Costs as item II-A-13 and II-B-13 to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control which is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in Part II of the accompanying Schedule of Findings and Questioned Costs as item II-B-13 to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Dysart's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under <u>Government Auditing Standards</u>. However, we noted certain immaterial instances of non-compliance or other matters which are described in Part III of the accompanying Schedule of Findings and Questioned Costs.

Comments involving statutory and other legal matters about the City's operations for the year ended June 30, 2013 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the City. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

City of Dysart's Responses to Findings

The City of Dysart's responses to findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. The City of Dysart's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the City's internal control and compliance. According, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the City of Dysart during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

October 25, 2013

Schedule of Findings and Questioned Costs

Year ended June 30, 2013

Part I: Summary of the Independent Auditor's Results:

- (a) Unmodified opinions were issued on the financial statements which were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.
- (b) Material weaknesses and significant deficiencies in internal control over financial reporting were disclosed by the audit of the financial statements.
- (c) The audit did not disclose any non-compliance which is material to the financial statements.
- (d) The City of Dysart did not expend federal funds in excess of the OMB A-133 Single Audit dollar threshold of \$500,000 for the year ended June 30, 2013.

Schedule of Findings and Questioned Costs

Year ended June 30, 2013

Part II: Findings Related to the Financial Statements:

INTERNAL CONTROL DEFICIENCIES:

II-A-13 <u>Segregation of Duties</u> – One important aspect of internal control is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. The cash receipts listing, bank deposits and the posting of the cash receipts to the cash receipts journal are all done by the same person.

<u>Recommendation</u> – We realize segregation of duties is difficult with a limited number of office employees. However, the City should review its control procedures to obtain the maximum internal control possible under the circumstances.

Response - We will consider this.

<u>Conclusion</u> – Response acknowledged. The City should segregate duties to the extent possible with existing personnel and utilize administrative personnel to provide additional control through review of financial transactions and reports.

II-B-13 Preparation of Financial Statements – Management is responsible for establishing and maintaining internal controls over financial reporting and procedures related to the fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles (GAAP). The City of Dysart does not have an internal control system designed to provide for the preparation of the financial statements, including accompanying footnotes, as required by generally accepted accounting principles. The guidance in Statement of Auditing Standards No. 115, Communicating Internal Control Related Matters Identified in an Audit, requires us to communicate this matter to those charged with governance.

As auditors, we were requested to draft the financial statements and accompanying notes to the financial statements. The outsourcing of these services is not unusual in an entity of this size.

Recommendation – We realize that obtaining the expertise necessary to prepare the financial statements, including necessary disclosures, in accordance with generally accepted accounting principles can be considered costly and ineffective. However, it is the responsibility of the City's management and those charged with governance to make the decision whether to accept the degree of risk associated with this condition because of cost or other considerations.

<u>Response</u> – Management feels that committing the time necessary to remain current on GAAP and GASB reporting requirements and corresponding footnote disclosures would lack benefit in relation to the cost, but will continue evaluating on an ongoing basis.

Schedule of Findings and Questioned Costs

Year ended June 30, 2013

Conclusion - Response accepted.

II-C-13 Sewer Utility Rates – The City Council approved an ordinance to increase water rates effective January 9, 2013. Per an ordinance adopted January 2005, sewer rates are 30% of applicable water rates. After the current year water rate increase took effect the sewer rate was not increased to appropriately reflect 30% of the newly approved water rates.

<u>Recommendation</u> – The City should review their utility billing system after each approved rate increase to ensure the correct rates are being reflected and charged to customers.

<u>Response</u> – This was an oversight on the part of management and the utility billing software has been corrected. Rates now correctly reflect the increased garbage rate.

Conclusion - Response acknowledged.

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

Schedule of Findings and Questioned Costs

Year ended June 30, 2013

Part III: Other Findings Related to Statutory Reporting:

III-A-13 Certified Budget – Disbursements during the year ended June 30, 2013 did not exceed the amounts budgeted, however disbursements in the community and economic development function were over budget before the budget was amended. Chapter 384.20 of the Code of Iowa states in part that public monies may not be expended or encumbered except under an annual or continuing appropriation.

<u>Recommendation</u> – The budget should have been amended in accordance with Chapter 384.18 of the Code of Iowa before disbursements were allowed to exceed the budget.

<u>Response</u> – The City will monitor expenditures and amend the budget in a timely manner in the future.

<u>Conclusion</u> – Response accepted.

- III-B-13 <u>Questionable Disbursements</u> There were no disbursements noted that do not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979.
- III-C-13 <u>Travel Expense</u> No disbursements of City money for travel expenses of spouses of City officials or employees were noted.
- III-D-13 <u>Business Transactions</u> Business transactions between the City and City officials or employees are detailed as follows:

| Name, Title, and | Transaction | |
|----------------------------|-------------|--------|
| Business Connection | Description | Amount |

Bret Hennessy, Council Member,

Owner of Shamrock Lawn

Service Lawn spraying / trimming

\$ 1,389

In accordance with Chapter 362.5(11) of the Code of Iowa, the transaction does not appear to represent a conflict of interest since the amount is for less than \$2,500.

- III-E-13 <u>Bond Coverage</u> Surety bond coverage of City officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.
- III-F-13 <u>Council Minutes</u> No transactions were found that we believe should have been approved in the Council minutes but were not.

Schedule of Findings and Questioned Costs

Year ended June 30, 2013

- III-G-13 <u>Deposits and Investments</u> No instances of non-compliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the City's investment policy were noted
- III-H-13 Revenue Bonds and Notes No instances of non-compliance with the revenue bond and note resolutions were noted.
- III-I-13 <u>Financial Condition</u> The City did not have any funds that had a deficit balance at June 30, 2013.
